

Chris and Rachel,

Thank you so much for the compassionate, attentive care you and your staff provided our mother, Ruth. You guys were always very hands on owners, always around to answer questions, offer suggestions, and lend a hand. It was reassuring to us that you had a registered nurse on hand who could monitor Mom's condition and perform the tests needed to manage her meds.

During the more than three years that Mom was with you her disease progressed and she required more and more care and devices. The staff responded to whatever Mom needed with knowledgeable efficiency. During this time they always treated Mom with kindness and respect, as if she was their own family.

It was a comfort to know that Mom was so well cared for. I would highly recommend Tender Hearts to family and friends.

Thank You! Carol Rusch & Lou Cyganek
